Refunds

Important Information Regarding Refunds

Financial Aid is disbursed approximately 10 days prior to the beginning of classes. Refunds will be processed within 14 days after the disbursement and then on Fridays throughout the rest of the term.

Some types of financial aid can only be used to pay for certain charges; therefore, you may receive a refund even if you have outstanding charges on your student account.

If a balance remains on your account after you receive a financial aid refund, you are responsible for paying it on time and in full each term.

Please review your student account frequently throughout each term for balances owed.
