March 17, 2020

**Year Three and Year Four Students**

- All third and fourth-year students should not report to their clinical rotation sites effective tomorrow, Wednesday, 3/18/20.
- This will be a two-week “pause” following the AACOM recommendations (“AACOM strongly supports a minimum two-week ‘pause’ of medical student participation in any activities that involve patient contact.”)
  - For more details see the following link: [https://aacom.informz.net/informzdataservice/onlineversion/ind/bWFpbGluc2luc3RhbmNlZzY3JpYmVyaWQ9ODg5NzM5OTE5](https://aacom.informz.net/informzdataservice/onlineversion/ind/bWFpbGluc2luc3RhbmNlZzY3JpYmVyaWQ9ODg5NzM5OTE5)
- Please, stay in your current location and do not travel.
- The Block 9 COMAT exam on 3/27/20 will be postponed until further notice.
- All third and fourth-year students will receive an email with instructions to complete the assignments to meet the rotation requirements.

**Also, just a reminder:**
- NBOME has canceled COMLEX Level 2-PE exams between Monday, March 23 and Monday, April 6 which includes your scheduled exam.
- We will update you on Block 10 later. Please, keep in mind you may be asked to report to your rotation on 3/30/20.

We will be sending out updates as soon as we have any. Please, contact the Office of Clinical Education if you have any questions.

Thank you!
