Family Educational Rights and Privacy Act (FERPA)

The *Family Educational Rights and Privacy Act (FERPA)* (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. The College has in place procedures necessary to maintain compliance with FERPA guidelines. The complete FERPA notice may be found at the Registrar's website. The College's FERPA policy can be found:

<https://burrell.edu/policy-b9040/>

Students may release their academic record to a third party by contacting the Registrar and completing the *Release of Information Request* form.

Under FERPA, students have:

1. The right to inspect and review the student's education records within 45 days after the day Burrell College of Osteopathic Medicine receives a request for access. A student should submit a completed "Request to Review Education form" to the Registrar. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the College to amend a record should write to the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the College discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. However, FERPA permits the disclosure of PII from

A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

A ***school official*** typically includes a person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health/medical staff); a person serving on the College's Board of Trustees; or a student serving on an official committee, such as a conduct or grievance committee.
